Courtship path...

Phone Links Cities

BY CARROLL WILSON

Canyon residents, polled at random Tuesday night by The Canyon News, expressed general approval of the new Amarillo-Canyon telephone tie-in, which began operation the same day. The new inter-city system allows Canyon and Amarillo residents to make calls to the respective cities without long-distance charges.

Canyon school students are especially happy as are their parents. They expect a big saving on toll calls between the two cities in the future.

In the accompanying pictures on this page Judy Davis, daughter of Mr. and Mrs. Delbert Davis of 1008 25th in Canyon is depicted talking happily with Jay Simons, son of Mr. and Mrs. Jim Simons of South Amarillo, without having to count the minutes.

Both are Canyon High School juniors.

"We think it will be a benefit," said Mrs. Jack Barnard of 2008 7th Ave. "We make a lot of Amarillo calls. We have a lot of relatives and friends there and always make quite a few calls. We're just real thrilled about it."

Ray Bible of 1006 5th Ave., expressed a similar view.

"The kids have tried it and the wife," he said. "We think it will be good because you can talk to the relatives and people you know there."

Bible said the new system will also be an aid in business.

"Being in the plumbing business," he said, "I can call up there for parts and such as that."

Mrs. M. E. Davis said although she has little use for the new system, it will aid her husband in his business.

"My husband calls over quite a bit," she said. "His employees live there."

Mrs. Davis of 904 6th Ave., said she thinks the cost will even out.

John Hammond of 1208 9th Ave., said he has used the new system and has made a call on the new Direct Distance Dialing operation. He likes both systems.

The DDD system was installed along with the Amarillo-Canyon connection. It allows Canyon residents to dial any number in the country, by calling the numeral "1", the area code and the seven-digit number.

Residents in the 806 area code need not use the code when dialing other numbers in the area.

Mrs. Clayton Kelley of 2505 11th Ave., said she has not yet tried the inter-city system, but said her husband does quite a bit

of calling to Amarillo in his work.

Hobart McDonald of 2602 13th Ave., said he thinks the new system will be much more convenient, since residents will not have to dial long distance to make the Amarillo calls.

A Canyon High School girl, Melody Miller of 2110 4th Ave., said she had already made two calls to Amarillo when contacted by The News Tuesday night.

She said she doesn't call there much, but will probably call more now with the new system.

And, this was the opinion of many contacted—that their number of calls to Amarillo will increase with the system.

Roy Franklin of 605 5th Ave., said he doesn't call Amarillo much now, but "will use it more than I did."

Hammond said he is "confident we'll call more now."

A telephone operator at West Texas State University, said already more calls from Amarillo are coming into the school than before.

She said, however, the new system is helping out as far as both student and operator are concerned.

Students can now dial Amarillo from their own phones, without the university PBX.

"We get a lot more incoming calls," she said, "but it's helping out the students."

Amarillo residents were equally delighted. "I just had to call someone in Canyon," an Amarillo telephone patron declared happily Tuesday as he rang up The Canyon News.

"How is the weather down there?" he asked by way of conversation. "I guess it is just about the same as up here but

it sure is nice to call Canyon without paying a toll charge."

The new tie-in will effect a savings for the county since the county has maintained several direct lines to the court house annex in South Amarillo. These will no longer be necessary.

Canyon's school system will also enjoy a direct telephone tie to its Gene Howe elementary school in South Amarillo.

Parents in Amarillo will now be able to telephone school officials in Canyon direct creating a better tie between the school and patrons.

This will be of special benefit during inclement weather when parents will be able to dial in for information on buses, school closing and other pertinent information.

"It certainly should make our job easier," said a Canyon News reporter. "We now have a direct telephone tie with almost all our major news sources over the country."

Region Band Tryouts Held

Regional band tryouts for Region I high schools of AAA and AAAA standing were conducted Monday night at Tascosa High School in Amarillo with 14 students from Canyon High School being selected, according to Gary Zook, band director.

Four CHS students were named to first chair for the region band including Roseanna Matthis, flute, Fred Richard, contra bass clarinet, Evelyn Hadley, cornet, and Sarah Beth Meyer, baritone.

Others named to the band from CHS were Patti Waugh and Susan Read, flute; Shelly Brillhart, Suzan Hayes and Kathy Miller, clarinet; Jamie Martin, alto saxophone; Nicholas Petruccione, cornet; Roger Wilson, French horn; Chris Blasdel and Ric Wester, trombone.

The region band concert will be in Borger January 11.

Mystery In Fish Kill At Buffalo

The fish kill at Buffalo Lake was continuing Wednesday and if it continues at the present rate, the entire population of channel catfish might be totally eliminated, according to Jack Crabtree, state biologist from Canyon.

Paul Ferguson of the Buffalo Lake Wildlife Refuge, said Wednesday that dead fish began appearing about Nov. 27 and seemed to be quite prominent over the past weekend.

Crabtree said he expected this kill to be larger than the one in June of 1967 when 100,000 fish died.

Crabtree said his first impression of the cause of the kill is stress factors of environmental conditions.

These conditions include the fluctuating oxygen level which results in deficiency at night, the rich water of the lake, the lower water level creating a crowding condition and the reduced temperatures of the water.

"We believe that a combination of these factors has lowered the resistance of the fish and we suspect a disease but we won't know until the analysis of the fish and water come back from the laboratories," he said.

The samples of the fish have been sent to Denver and Austin to the Bureau of Sports Fisheries and Wildlife Pesticides Laboratory.

Crabtree said in the count of dead fish Tuesday, the Inland Fisheries team found 18,000 channel cat dead and a few carp, crappie and goldfish. Ferguson said that no Northern Pike had appeared and that apparently they were holding up well.

The channel cat in the 5 to 8 inch sizes appear to be hit the hardest, Ferguson said.

Ferguson said that with the lower water level of the lake, the nutrients and deposits were more concentrated in the water and lowered the oxygen level in the water.

Sandy Sees Viet Trip Hopes Fade

The last avenue for Sandy Buttrill to go to Vietnam to deliver Christmas cards to local servicemen from the people of

an application for her passport. She said Monday, "If I don't get to go it won't be because I didn't try," and try she did.

First she got the address and phone number of Bob Hope's manager in Los Angeles with the idea of going with the Bob Hope show to Vietnam.

She made an appointment with Henry Phillips with the Army (See SANDY, Page 5)

Canyon was closed Wednesday and the cards were mailed Wednesday afternoon.

"I really didn't think I would get to go but I wanted to try," she said. "Everyone tried to help and were really sympathetic but it just couldn't be worked out."

Sandy's husband, Randy Buttrill is in Vietnam, and she had hoped to deliver the cards to the servicemen and also spend Christmas with her husband. Sandy began working on the possibility of going to Vietnam about two weeks ago.

She even went so far as to get her yellow fever shot and

Tap Hinger For Scout Chairman

Oscar Hinger was installed as chairman for the Randall District of the Llano Estacado Council of Boy Scouts of America at the annual recognition dinner for the district held Monday evening at Canyon High School cafeteria.

Other district officers installed were Ralph Mardis, district commissioner; Aubrey Crossland, chairman of organization and extension; O. W. Parker, chairman of advancement; Dr. W. J. A. M. Warren was in charge of the Eagle Scout recognition. Scouts recognized for attaining the Eagle award the past year were David W. Low, John M. Bryan, Jr., Bill F. Byrd, David W. Gidden and Richard D. Fulton of Troop 66 and Roger B. Gist, Randy Lyles and Wayne V. (Vince) Wirt of Troop 31.

The program was closed with ceremonies by Troop 108.

Commissioner Olsen said the bill provides a means of police training and a method to obtain funding.

"I see a great deal of merit in the law," he declared.

"I see no harm in participating," he went on. "Someone is going to get the money and we pay our taxes."

"I don't see that we are giving away any of our prerogatives."

The question as to the city's part in participation then arose.

"Our contribution is to develop a plan and use it," Olsen told the group.

Omnibus Crime Bill

Dads Study Act

Canyon city commissioners Monday agreed to consider participation in the federal Omnibus Crime Control and Safe Streets Act of 1968 pending further investigation.

The decision came after discussion of the act at a called meeting of the commission at which Mayor Paul Lindsey expressed fear of federal control and Commissioner Kenneth Olsen said he sees no surrender of city prerogatives in the act.

"Personally, I'm just as confused now as I was at the last meeting," Mayor Lindsey told the commission.

The Omnibus Act provides \$300 million to be used over the next five years. Texas' share comes to about \$831,000 initially. About \$10,000 is involved for the Amarillo area with the city of Amarillo to act as administrator.

"If we go this route for the next five years and we build this thing up to a certain level, how are we going to maintain that level?" asked Mayor Lindsey (See DADS, Page 5)

County Buys Furniture

Randall County commissioners Monday decided to purchase used furniture from the Bank of the Southwest for \$2100.

Involved in the purchase are 20 chairs, a conference table and 60 stack-type chairs. The furniture will be used in the court house annex.

Judge Carroll Brown pointed out that the purchase will result in a considerable saving to the county.

Members of the court decided to attend a conference Dec. 16 in Lubbock on the Omnibus Crime Control and Safe Streets Act of 1968.

The court last week indicated a willingness to participate in the first step of the act and to continue investigation of the measure.

The Lubbock meeting will be held on the campus of Texas Tech. It was called by Gov. John Connally.

In other business, the court voted to pay \$1.25 an hour to clerks in the Nov. 5 general election allowing a maximum of 14 hours. Election judges will be paid \$5 extra above the regular wage and \$15 rental will be paid for homes used for holding elections.

Fund Rises For Scouts

A total of \$3,215.96 has been collected in the annual finance campaign for the Randall District of the Llano Estacado Council of the Boy Scouts of America, according to Gene McGlasson, district finance chairman.

McGlasson said that "some cards are still to be worked" in the campaign.

Hunting Accident Results In Death

Requiem mass for Jerome Eugene (Jerry) Allen was conducted Wednesday morning at St. Ann's Catholic Church in Canyon with Father George H. Sallaway officiating.

Jerry, 15, was critically injured Thanksgiving Day when he fell from a tractor while hunting on a farm about 7 1/2 miles northwest of Canyon. The tractor apparently ran over him.

The youth was given emergency treatment at Neblett Memorial Hospital and transferred to Northwest Texas Hospital in Amarillo where he remained in critical condition. He died December 2 at 1:05 p.m.

The son of Mr. and Mrs. Oscar T. Allen of Rt. 1, Canyon, he was born June 17, 1953 in Amarillo. He had lived here for 13 years and was a member

of St. Ann's Catholic Church of Canyon. He was a ninth grade student at Canyon Junior High School and was a member of the CJHS Band.

Interment was at Dreamland Cemetery under the direction of LaGrone Funeral Home of Canyon. Pallbearers were Harry Sims, Troy Holloway, Billy Dugan, Wallace Stevens, Joe Smith and Arnold Stork with members of the junior high band as honorary pallbearers.

Rosary was held Tuesday evening at LaGrone Funeral Chapel.

The youth is survived by his parents; four brothers, Kelvin, Tommy, Ronald and Patrick, all of the home; three sisters, Sharon, Beverly, and Tammie, all of the home; and grandparents, Mr. and Mrs. Mark Anderwald of Tulsa and Mrs. Violet Fritts of Amarillo.

member of the Fourth Supply and Transportation outfit. He has been stationed at Pleiku. "The bombing halt was a bad morale factor," said Murrell. "A lot of people just said, 'Well, why are we here.'"

Murrell said the communists have used the bombing halt to move supplies and men into South Vietnam. He said this is a well known fact among troops in Vietnam and pointed out that only a few days ago two big US helicopters were shot down by ground fire right on the DMZ.

"The bombing halt has left the North Vietnamese better off than ever before," he declared. "Like most soldiers returning from the Orient, Murrell believes the US could quickly win the war there."

"We are always on the defensive," he complained. "They do something and we react. What we should do is get on the offense" (See BOMB, Page 5)

Santa Claus Visits Here

Santa Claus made his first visit to Canyon Monday evening as the downtown merchants held their doors open until 8 p.m. for holiday shopping.

Sponsored by the Downtown Shopping Center, Santa Claus made his rounds of all businesses visiting with youngsters and drew names of five persons who were presented turkeys at a drawing later in the evening.

Turkey winners were Mrs. C. R. Marley, Mrs. Weldon Riley, Mrs. Dorothy Comer, Mrs. J. A. Hoover, and Jamie Middleton.

Christmas lighting on the square was also turned on for the first time this season Monday evening.

School Men On Campus Thursday

A meeting of Panhandle school superintendents to study a report on the Governor's Committee on Public School Education will be held on the West Texas State University campus Thursday.

The meeting is cosponsored by the Department of Educational Administration at the university and PESO.

E. L. Galyean of the Texas State Teachers Association will address a noon luncheon in the Green Room of the West Cafeteria and the participants will assemble in five discussion groups between 1:30 and 3:30 p.m. in the University Complex South.

Chamber Seeking Members

Annual Canyon Chamber of Commerce membership drive is under way this week.

The drive was kicked off at a breakfast Tuesday morning. Cards for 35 non-member businesses were handed out to those present.

Roland Black, Chamber manager, said the drive should be completed by the end of the week.

FROM THE CANYON RIM

The LaCasa Canyon Color Television fund came to \$157 at press time this week—still more than \$400 short of the amount needed to install a first class color set at the rest home.

Donors to date have been Doyle Thomas, Floyd Tomlinson, Virgil Henson, The Canyon News, Fred Beggert, Sam Urban, James Hancock and Woody Pond.

I know the elderly people at LaCasa Canyon are going to appreciate this gift as much as any material thing we could get for them.

Color television has advanced until pictures come through in almost natural tone. Everything is much easier to watch in color than in black and white.

People of advanced age and impaired eyesight need everything going for them.

A Canyon merchant has agreed to install the set at his cost. He plans to put up an antenna especially designed for color reception so pictures on the new set should be well near perfect.

I'd like to see the new set installed and paid for by Dec. 15 so the people at LaCasa Canyon can see all the special Christmas programs in color.

I have never made an appeal for money for any project in this

column before. I am doing so now on behalf of some of Canyon's citizens to whom we owe so much for the nice town in which we live today.

Both Canyon's banks have been kind enough to act as receiving agents for the LaCasa TV fund. David Levens is receiving agent at West Texas State Bank and David West at Canyon First National Bank.

You may give cash or check at either place or we will accept your gift at The Canyon News. Just make your checks payable to the LaCasa Canyon TV fund. Gifts of any size for the fund will be appreciated.

If US 87 does become an interstate highway, we will be a lot better off if it by-passes Canyon than we would be if it goes right through town on the present route.

If it goes through town there probably will be only one or two places at which motorists can leave it to visit in Canyon. This would mean that business along the route would be almost inaccessible.

On the other hand, I believe we should start now to planning with the Highway Department on clearly marked exits on the by-pass in order to bring as many tourists as we can to

Canyon.

I noticed in The Texas Observer that Barte Haille has been arrested at Denton and charged with selling pornography at a football game.

Haille came to the West Texas State University campus last spring styled as a Southwest regional traveler for Students for a Democratic Society. SDS has been at the core of much of the turmoil on college campuses across the nation.

"Being a prominent new leftist in Texas is becoming both expensive and dangerous," laments the left-leaning Observer.

Washington columnist Margaret Mayer writes in her column that emphasis should be on the Lady in Ladybird Johnson.

I heartily concur. Mrs. Johnson paid a visit to the amphitheatre in Palo Duro Canyon last year.

We shall never forget the picture of her talking to our 8-year-old Timothy. She held his hand between hers and spoke to him gently for a couple of minutes about the canyon, the theatre and Texas.

She has been a real person for me since and I'm sure Tim will remember her always.

Letter To The Editor

Editor,
CANYON NEWS

Sir:

In re your recent editorial disagreeing with the TV media in depicting the presence of the Negro in the Wild West, and in his participation in its growth and development, I am patiently awaiting your proving false the two recent articles in LIFE of November 22, and 29 (particularly the issue of Nov. 29, p. 70).

A READER

(Ed. Note: We did not dispute the presence of the Negro in the Old West or his contribution to its development. We simply stated that we do not believe that Negro cowboys complete with low swung guns went swaggering into saloons of the Old West as depicted on a recent television show. As a cub reporter we were fortunate enough to have known personally Bones Hooks, one of the top Negro cowhands of the West. From him we got some first-hand information on the olden days. All we ask is that TV tell it like it was.)

Girlstown Needs Bus By Holiday

Girlstown, U. S. A., in Whiteface needs a new school bus for Christmas.

Woody Pond, juvenile probation officer for Randall County said that \$3,000 was needed to buy the bus.

"I thought this would be a good Christmas project for Canyon and the surrounding towns," Pond said.

The school bus Girlstown now

has bought second-hand and is completely worn out, according to Pond.

"In visiting with Marshall Cooper, executive director of Girlstown, he told me that the girls were badly in need of transportation," he said.

"We would like to raise the money as soon as possible," he said, "because the girls need the transportation during

Christmas."

Girlstown has about 60 girls and they visit different communities, schools, and civic clubs giving programs.

A 1966 bus which carries 72 passengers has been located in Amarillo, Pond said, and the owner agreed to sell the bus at a greatly reduced price in order that it might be available to Girlstown.

Accounts for the bus fund have been opened at both West Texas State Bank and First National Bank of Canyon. David Levens is receiving officer for the fund at West Texas State Bank and Chuck Allen at First National.

Miss Jimmie Pope of Amarillo, Roy Mickey and Richman Graham were Thanksgiving Day guests in the Arvin Triplett home.

Our World

BY ANN BROWN

The average American suffers from chronic fatigue, nervous tension or both. The results make us irritable and difficult to live or work with. The doctor who could prescribe a pill that would cure The Great American Plague could make a fortune.

However, there really is a cure. It is not a miracle drug, nor a new discovery. It is free to everyone without a prescription. All one needs is a little time, self discipline, and know-how for this very effective, do-it-yourself home remedy: It is a daily nap.

Every mother of young children knows that a nap can turn her little demons into darlings. If she will take a nap along with them she will probably find motherhood has changed from a prison to a privilege.

Naps can also change wifely shrews into sweethearts, students into scholars, and tyrants into tycoons. Don't think for a moment naps are for sissies; they are for successes. In addition to extending man's life expectancy, naps can make his entire life more pleasant. Compare our ulcer statistics with our friends south of the border who are addicted to the siesta.

Several years ago a young mother of four pre-school children began suffering from migraine headaches. They grew increasingly severe until she was requiring hospitalization about once a week. Her laborer husband could not cope with the bills, the children, his job, and his sick wife. He was on the verge of divorce, and she of suicide.

After consulting with the best neurosurgeons in the area, with no relief, the woman was persuaded to try an internal specialist. Without even a glance at the patient's stack of X-rays from her previous reputable physicians, the specialist inquired about her general routine.

Upon learning that the pale, thin, little mother was accustomed to about six hours of frequently interrupted sleep at night, and that she depended largely upon coffee and cigarettes to get her through the day, the doctor wrote out two prescriptions: One was for a mild sedative to take with bed rest if she felt a migraine approaching; the other was for a sensible "diet" that omitted coffee and cigarettes, and included 8 hours sleep at night and a 30-minute nap in the daytime. He placed the most emphasis on the nap.

At the last report, the young mother had not been hospitalized in the five years since she began taking naps. She admitted she had suffered a migraine only when she neglected the doctor's prescriptions. She said naps had proven equally beneficial to her overworked husband and hyperactive children.

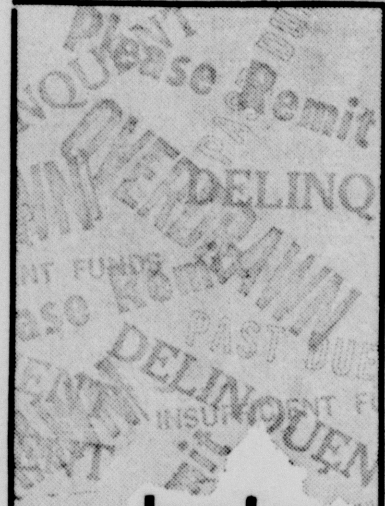

It may take a week or so to learn how to nap, but anyone can do it. Arrange for a quiet time when the neighbors can be shut out, the phone turned off, and the alarm clock turned on. When the alarm rings, get up and go back to work—refreshed.

The blood pressure drops 20-30 points while napping. The pulse slows. The metabolism

falls. And the mental processes are renewed. Experts estimate that a 20-minute nap in the daytime rests the body as much as 3 hours sleep at night.

Who knows how many ills result from sheer exhaustion? Doctors estimate it may precipitate maladies all the way from the common cold to suicide.

In our modern pressure-cooker society, a nap could prove to be the most beneficial medicine available. Today, not tomorrow, is the time to start.

SPEED READING COURSE SET FOR CANYON

Arrangements have been made to conduct a 27 hour SPEED READING course, to be taught in CANYON, in night classes. The spokesman said, "The course is guaranteed to triple the reading speed of anyone, with an improvement in comprehension." He also said, "The guarantee, however, is a bare minimum, because the average person will increase TEN TIMES FASTER with a marked improvement in comprehension." The average person today reads about 250 words per minute and has about a 50 per cent comprehension level and after taking this course can expect to read 2,000 to 2,500 words per minute, with an 80 per cent comprehension level. This means after taking this course a person should be able to read any book, of average length, in 45 minutes to an hour and understand and enjoy it better than ever. Those who enroll in this course will be required to attend ONE CLASS PER WEEK for nine weeks and will receive a diploma upon completion.

For those who may be interested in further details about the course or how to enroll, a series of one hour orientation lectures have been scheduled. A person may attend one of these orientations without any obligation to enroll in the course. At these meetings the

course will be explained in detail including the class schedule, and the special introductory tuition which will be offered, this time only. These free orientation meetings will be conducted in the GIRL SCOUT HOUSE, 1605 THIRD ST. (Downtown), CANYON, TEX. They will be conducted at the following times: SUNDAY, DEC. 8, at 3:00; MONDAY, DEC. 9, at 8:00 p.m.; TUESDAY, DEC. 10, at 8:00 p.m. and for the late comers, WEDNESDAY, DEC. 11 at 8:00 p.m. This course offered by ACCELERATED EDUCATION SCHOOLS, with locations in Dallas, Ft. Worth, Denton, Amarillo, and other cities, was created by Dr. Wade E. Cutler, of Dallas, a Ph.D. in Psychology. It has been offered to Texans for the past five years with over 5,000 graduates, including 150 in Amarillo. There is no obligation by attending one of these meetings so if you are a college bound high school student or a college student or a professional person with more to read than you can handle, be sure to come to one of the above meetings and find out about this fabulous course. Classes will definitely be limited to 18 students and class places will be filled on a first come, first served basis. Classes will start very soon. (Adv.)

pattern," Ferguson said.

Crabtree said that he had predicted a large kill with the first freeze over of the lake but the kill happened earlier than was expected.

In 1959, a similar condition existed at the lake, he said, and practically all of the gamefish were eliminated.

"We are certainly interested in determining the cause but we are not greatly distressed that the fish are dying because it was expected," Crabtree said.

He said that the entire fish population of the lake would be killed with Rotinone next spring and the lake will be restocked. The fish population has been grossly overbalanced with rough fish, especially carp, in the lake for a number of years and the only way to restore sport fishing at the lake is to completely kill and restock, Crabtree said.

The low water level at this time will also make the process more economical, he said.

The reports on the fish are expected back from the laboratories in about a week, Crabtree said.

Recruiting Station in Amarillo. He took pictures of Sandy and the cards to use in the recruiting station newspaper.

Sandy was on two television shows and one radio show in Amarillo to explain the Christmas card project and what Canyon had done for the servicemen.

She also talked to Bob Price who had his representatives talking with the personnel in the pentagon but with no result.

Sandy flew to Los Angeles Friday and talked to one of the representatives in Bob Hope's office. Sandy said he explained that she couldn't go with the tour because of public opinion.

He said that it would make Texas happy for her to go but it would make California unhappy because all of the wives of servicemen would want to go.

The Hope tour is also supposed to have only 60 people in the show and they already have 62 booked and will have to fly two persons over commercially, Sandy said.

Phillips also contacted Joe Goularte with the public relations office at Fort Sam Houston in San Antonio. Sandy said he tried every way possible and the last hope was the USO shows.

The head of the USO shows in New York was contacted Wednesday morning and he said that there was no way that the trip could be worked out.

The plan concerning the USO shows was that Sandy would fly to Vietnam on Dec. 22 and present the cards on either the Bob Hope show or the Johnny Grant show on Dec. 25, and then fly home two days later because the military couldn't be responsible for her.

Sandy said she wrote her husband of the possibility of her coming because "I didn't want him to die of shock when I turned up in Vietnam," she said.

She said that he thought it would be a good idea if she could swing it.

The Christmas cards from the community were signed by citizens of Canyon and were sent air-mail so they would arrive in time for Christmas.

The Christmas cards were specially prepared for each soldier by Dr. Emilio Caballero. Each has a lettered poem which was written by Sandy. She enlisted aid of several Canyon people on the project which she undertook in October.

The commission then discussed a seminar on the Omnibus Act called by Gov. John Connally for Dec. 16 on the Texas Tech campus at Lubbock. Members of the commission and City Manager Paul Davis agreed to attend the meeting.

"My recommendation is to wait to give an answer until after the Dec. 16 meeting," advised City Attorney Elton Cox.

The commission instructed City Manager Davis to contact Amarillo City Manager John Stiff and "advise him that we are considering it but cannot yet give an answer prior to further investigation."

Davis called the Amarillo city manager on the telephone and was informed that the action by the Canyon commission was adequate.

Davis quoted Stiff as having said the city of Amarillo will proceed with or without Canyon.

To date the cities of Amarillo and Canyon and both Potter and Randall Counties have officially indicated interest in participation.

The commission delayed until its regular meeting Thursday evening a decision on hiring an attorney to collect delinquent city taxes.

Special recognition will be given as the Kiwanian of 1968 is named and varying attendance awards are given.

Count Rises On Waterfowl

The count continues to rise on waterfowl seeking winter refuge at the Buffalo Lake National Wildlife Reserve south of UMBARGER.

Reporting on the census count taken Wednesday was Steve Joyner, refuge manager-in-training, who stated that "27,000 ducks were counted and 11,000 geese."

The duck population of 27,000 is primarily made up of 10,000 mallards, 9,000 pintails and 8,000 baldpates. Aside from 31 snow geese, the remaining 11,000 geese at the refuge are Canadian.

Chorale Concert Is Sunday

The University Chorale and the WTSU Brass and Percussion Company will conclude an annual concert tour Sunday with a performance at 3 p.m. in the Fine Arts Theatre at West Texas State University.

Directed by Houston Bright, the concert will feature a holiday repertoire including Christmas songs and numerous arrangements by the director.

sive and win the war. You don't win wars on the defense."

Asked if he thinks we ought to go in and win, Murrell replied: "I think we were committed when the first American was killed over there."

"We could do something if they would turn us loose. I think now we should either get out or go on and win the war."

"I don't think we should pull out because if we do our soldiers would have died for nothing."

Murrell complained repeatedly because American troops in Vietnam have been held in check.

"It doesn't make any sense to me," he said. "We have a half million men over there."

He said he has been in the service for five years and had intended to be a career man.

"Vietnam has changed that," he said. "I know a lot of other people who had intended to make the Army a career but who have changed their minds."

Spec. 5 Murrell, his wife and their small daughter will leave soon for Fort Campbell, Ky., where he is to be stationed.

Three Eagles Selected To All-District Team

Canyon's Eagles placed three men on the district 1-AAA football team and one made honorable mention.

ANDY HANSEN

TIM VAN VALKENBURG

GARY SCHRIB

Named all-district were Andy Hansen, Tim Van Valkenburg and Gary Schrib. Tommy Tucker received honorable mention.

Hansen, a junior, plays defensive end on Coach Dunny Goode's Eagle team. Coach Goode said Tuesday that Hansen is an excellent student as well as a fine athlete.

He has a 94-plus scholastic average.

CHS Eagles Bow To Borger 85-65

Canyon's Eagles had a cold third quarter from which they were never able to recover Tuesday night at Borger and suffered their first loss of the young season 85 to 65 to the AAAA Borger Bulldogs.

The Eagles were never more than four points behind in the first two quarters and went to the dressing room at half time with a deficit of only 4 points 44-40.

Buckets by Jackie Thrasher and Chris Gerald quickly evened the score as play resumed and the Eagles were neck and neck with the sixth-ranked Bulldogs.

Then things went sour. Steve Butler hit another field goal and Gerald sank a free throw and that was it for the third period for the Eagles.

They managed only 7 points in the third stanza while Borger poured in 24.

Actually, the Eagles tied the Bulldogs in one quarter, beat them in one and lost to them in two.

Canyon scored 14 points in the first quarter as compared to 18 for Borger and each team scored 26 points in the second period. The Eagles led scoring in the final stanza by a point 18-17.

The Eagles sank 17 free throws out of 22 times at the charity line for 77 percent accuracy. Borger hit 21 out of 27 for a like percentage.

The Eagles committed 19 fouls while the Bulldogs were charged with 14.

Thrasher hit six field goals and four free throws for a total of 16 points to pace his teammates. Close behind was Chris Gerald with six free throws and one field goal for 13 points.

Lon Conner scored 11 points for Canyon.

Pacing the Bulldogs was towering Carl Taylor who poured in 25 points for the winners. Taylor stands 6 feet four and was described by Canyon Coach

"He is one of the most aggressive high school athletes I have ever seen," commented Coach Goode. "If he wants it, he has a future in college football."

Hansen is 6 feet tall and weighs 175 pounds. Van Valkenburg is 6 feet, 2 inches tall and weighs 220 pounds. He is an offensive tackle. He is classified as a junior.

"He is a hard worker and very conscientious," said Coach Goode of Van Valkenburg.

Schrib plays offensive guard. He weighs 225 pounds and is 5 feet, 11 inches tall. "He has good speed and is a hard worker," said Coach Goode of the all-district junior.

"He has a great future in football if he wants it," the coach went on. "He whipped nine out of ten people he blocked on this year."

Tucker, a middle linebacker, is a senior this year. He is 5 feet, 9 inches tall and weighs 215 pounds. Coach Goode says he is a tough tackler and that he will play college football.

"A yard on either side of him he is the toughest in the district," Goode declared.

Members of the all-district offensive team include Quarterback; Dick McWhorter, senior, Perryton; Halfbacks, Vernon Pshigoda, senior, Perryton; Elgin Williams, senior, Hereford; and Charles Beamon, senior, Muleshoe; Ends; Bob Gobin, senior, Perryton; Scott Doores, senior, Perryton; and Larry Guinn, senior, Hereford; Tackles: B. B. B. Kendrick as "probably the best player we'll meet this year."

Borger's O'Steens scored 22 of his team's points.

Borger Coach Dwayne Hunt described the Eagles as "the scrappiest bunch of kids I've seen in a long time."

"We played well except for the third quarter," said Coach Kendrick. "I wasn't dissatisfied with the way we played."

The Borger B team handed the Eagle junior varsity a shellacking, 77 to 34.

The sophomore team lost to Borger 83 to 29.

John Lewis led Canyon scoring with 8 points. The junior varsity hit only 6 free throws out of 19 times at the line for 32 percent.

Tuesday night and Texas Christian Thursday night.

The Buffaloes' offense again will rely heavily on high-scoring Simmie Hill who scored 34 points in a season-opening 89-77 triumph over Weber State last Saturday night. West Tex-

The fascinating tale of how a marionette became a boy will be presented in a closed school production at Gene Howe Elementary School December 13. It will be presented at Amarillo Little Theatre Saturday, December 14, at 10:30 a.m. and 1:30 p.m. in public showings.

Genevieve Handing Weds Ross Keesee

Miss Genevieve Agnes Handing and Ross Wayne Keesee were united in marriage December 3 at St. Mary's Catholic Church of Umbarger with Monsignor Matthew Schaffle officiating at the double ring rites.

The bride is the daughter of Mr. and Mrs. Anton Handing of Umbarger. Parents of the bridegroom are Mr. and Mrs. Ross Keesee of Amarillo.

The main altar of the church was decorated with pink poinsettia and the side altars were accented with bouquets of white flowers. Susan Lindeman served as organist.

Given in marriage by her

father, the bride wore a formal white imported re-embroidered lace and delustered satin. The scoop neckline accented the fitted bodice which was completed with long sheer lace sleeves. The controlled A-line skirt was held to an empire waistline with a bias fold of satin encircling the waist and accented at the center back with a satin bow.

The bodice of lace was designed with satin buttons at the back. Her detachable train of satin was edged with scalloped lace border and lace inserts.

A double crown of lace and seeded pearls held her tiered veil of imported silk illusion.

Her bouquet was a cascade of white roses.

Matron of honor was Mrs. George Clifford Langan of Amarillo. Miss Mary Handing, sister of the bride from Denton, was maid of honor and Miss Ann Handing, sister of the bride, served as bridesmaid. Each carried a single pink poinsettia. Their floor-length gowns featured A-line skirts with scooped necklines and were made of pink velvet with long sleeves. Their headpieces were matching pink velvet bows with net.

Terry Wayne Tuckness of Amarillo was best man. Groomsmen were James Handing and Robert Handing, brothers of the bride.

Ushering were Jerry Harrington of Odessa, Alfred Buecker and Anthony Handing, brother of the bride.

St. Mary's Parish Hall was the site for a buffet dinner after the marriage ceremony.

For a wedding trip to points in New Mexico, the bride changed to a white wool A-line dress trimmed in gold with beige accessories and a corsage of white roses.

Marriage Vows Read In University Chapel

Joseph A. Hill Chapel on the campus of West Texas State University was the site for the November 30 double ring marriage rites uniting Miss Lynn O'Brien and Michael Taylor in marriage.

The bride is the daughter of Mr. and Mrs. Herman J. O'Brien of Canyon and parents of the bridegroom are Mr. and Mrs. Robert L. Taylor of Harlingen.

Rev. Joe Lukonic officiated at

the exchange of vows and Mrs. Glenn Dowlen provided appropriate organ music for the occasion. The chapel was decorated with two large urns of gladioli which flanked the altar. The altar was backed with candles and accented with two arrangements of white daisies.

Miss Pat O'Brien, sister of the bride, was maid of honor. She wore a floorlength gown of blue organza over taffeta. Her veil of blue tulle was held to a

crown of daisies. She carried a nosegay of carnations and feathered mums.

Bryan Kelly served as best man. Ushering were Benny Cox and Don Edmondson with Randy Taylor, brother of the bridegroom, escorting the mothers.

Given in marriage by her father, the bride wore a dress of bridal illusion over taffeta edged at the neckline and sleeves with Venetian lace. The venetian lace also traced the front bodice and skirt. Her shoulder length veil of illusion was held to a white floral coil. She carried a cascade bouquet of feathered mums and carnations centered with orchids.

The Methodist Student Center on campus was the site for the wedding reception. The table was laid with a white organdy cloth and centered with an artificial arrangement of blue and white flowers. The four tiered wedding cake complemented the table which was accented with candles and appointments of crystal and silver. Serving at the table were Frissy Richardson and Jo Johnson.

Sherry Taylor, sister of the bridegroom, presided at the guest book.

A senior at Canyon High School, the bride is employed with the financial aids department at West Texas State University.

The bridegroom is a junior government major at WT and captain in the Reserve Officers Training Corps. He is employed with Art Roberts Welding in Canyon.

The couple will establish their home at the Su Rocca Apartments in Canyon.

HOMEMAKER Mrs. Roy Whisler shares recipes for the holidays with our readers this week. She is shown slicing a fresh baked Super Bundt

Cake which is excellent to serve with coffee during the holidays.

Homemaker Shares Holiday Treats

Holiday treats of Super Bundt Cake, Carrot Cake and Nutmeg Cake with Fresh Lemon Sauce are shared with our readers this week by Mrs. Roy Whisler of 516 Twelfth Avenue.

Mrs. Whisler, the former Wilma Foster, is the daughter of Mr. and Mrs. Marvin Foster of Altus, Oklahoma and has a brother, James Alton Foster, living in McLoud, Oklahoma. She graduated from Altus, Oklahoma High School and attended Oklahoma Baptist University in Shawnee where she met her husband, Roy.

The couple was married in August 1949, after he had completed his bachelor's degree in education from Oklahoma Baptist University, where he majored in math.

He was a native of Belzona, Mississippi and his sister, Anne, lives in Mendenhall, Mississippi while his mother and a brother now live in Carthage, Missouri.

He taught at various schools in Oklahoma until he earned the master's degree in school administration at the University of Oklahoma in Norman. Moving to Texas, he was principal at Chillicothe and Bovina and was superintendent at Morse and Kelton before coming to Canyon about a year ago where he is a math instructor in the junior high school.

The Whislers are members of the First Baptist Church, where he teaches an Intermediate Sunday School class and she is pianist for the Junior I department.

News Brief

Mr. and Mrs. T.W. Henderson of 1507 7th Ave., received several out-of-town relatives as guests over the weekend. Visiting were Earl Henderson of San Antonio and his daughter, Cindy Kay; Mr. and Mrs. Ray Schultz of Olton, and their son, Joe, and daughter, Kay; Mr. and Mrs. Milton Henderson of Masterson; and Mr. and Mrs. Wes Schultz of Amarillo.

The couple has two daughters, Deborah, 17, is a junior at Canyon High School and Julie, 13, is an eighth grade student.

"The whole family enjoys traveling," said Mrs. Whisler. Of her own hobbies, Mrs. Whisler said that she likes cooking, playing the home organ and has a special fondness for cats.

Christmas Candy Recipes Revealed

BY NADENE LYLES
(Canyon Junior High Homemaking Teacher)

It's the tinkling, bubbling laughter of children placing jittery baubles on the Christmas tree---the spicy, wonderful odors of goodies wafting from the kitchen.

It's the bundle-laden shoppers rushing along a crowded street---passing glittering shop windows. It's the warm hand-clasp and the feeling of love and friendship as families and friends come together.

It's church spires silhouetted against a starlit sky---and stained glass windows glowing in the twilight, welcoming the stranger.

It's the muted voices of old and young---joined together in one joyous, reverent song---a song that binds together the hearts and hopes of America---whose message the Starforetold:

"Peace on Earth,
Good Will Toward Men."

Make a batch of homemade candy and the children in the neighborhood will think you're the best Mom in the world. Make a whole collection of candies and you'll be as popular as the Good Fairy and Santa Claus.

Give a gift of candy and your neighbors will think you're the best friend in the world.

Candy is fun food---fun to make, fun to give, and fun to eat! And candy is energy food for young and old alike. The things that candy is made of---sugar, corn syrup, molasses, honey---butter, eggs, milk, cream---chocolate, nuts, fruits, jams---contain the basic proteins, carbohydrates, vitamins and minerals that children and adults need in their daily diets.

Candy isn't as fattening as some folks think. The following chart will give you the amount of calories or energy found in candy.

Museum Keeper Maker Of Holiday Gift Fudge

BY ELAINE PEEPLES

"A man is more efficient in the kitchen than a woman and a man who likes to cook is a better cook..."

Mrs. Nadene Lyles, junior high homemaking teacher, made this statement, Monday, and C. Boone McClure proved it as he made fudge for three homemaking classes, at Canyon junior high.

McClure who has made fudge for "13 years without a failure" makes up to 100 pounds of fudge each December to give as Christmas gifts.

McClure who was very neat and efficient with his cooking, even brought his own pan which he has used each year.

The recipe McClure uses is called "See's Fudge" and was obtained from See's Candy Company in California.

A woman in California wrote the company for the recipe and they sent it to her along with a bill for \$100 which she had to pay.

"To get back at the company, the woman gave the recipe to everyone she knew," McClure said. McClure got the recipe from his sister who lives in California.

He began making fudge while he was principal at Childress. When the homemaking teacher went to state convention, McClure took over her classes and demonstrated candy making.

"The only part I don't like about it is washing up the dishes after I get through," McClure said.

He also makes candy to give as bridge prizes at times and "some for us to eat," he said.

The recipe McClure uses calls for 2 sticks of oleo or butter, 2 small cans of evaporated milk and 4 cups sugar, all cooked to a soft boil. Three 6 oz. packages of Hersey's

French Play Slated Here

The department of modern languages at West Texas State University in conjunction with the Alliance Francaise Club of Amarillo and Canyon will sponsor a two-act play "Les Oeufs de l'autruche" by Andze Rous-sin on December 13.

A cast of six students from the French department at the University of Texas will give the performance in partial fulfillment for French course credit at the school.

While in Canyon the French students will be entertained by local residents.

The performance December 13 will be at 8:15 p.m. in the Branding Iron Theatre at West Texas State University. Admission will be 50 cents for students with ID cards and \$1 regular admission.

chocolate chips, about 3 oz. of marshmallow cream, 2 cups of chopped pecans and 1 teaspoon of vanilla are then added.

The candy is poured into 6x12 inch wax-lined boxes. The boxes are then held about 18 inches above a table and dropped several times to get rid of air bubbles, McClure said.

The candy should be refrigerated overnight and then wrapped in aluminum foil where it will keep two to three months, he said.

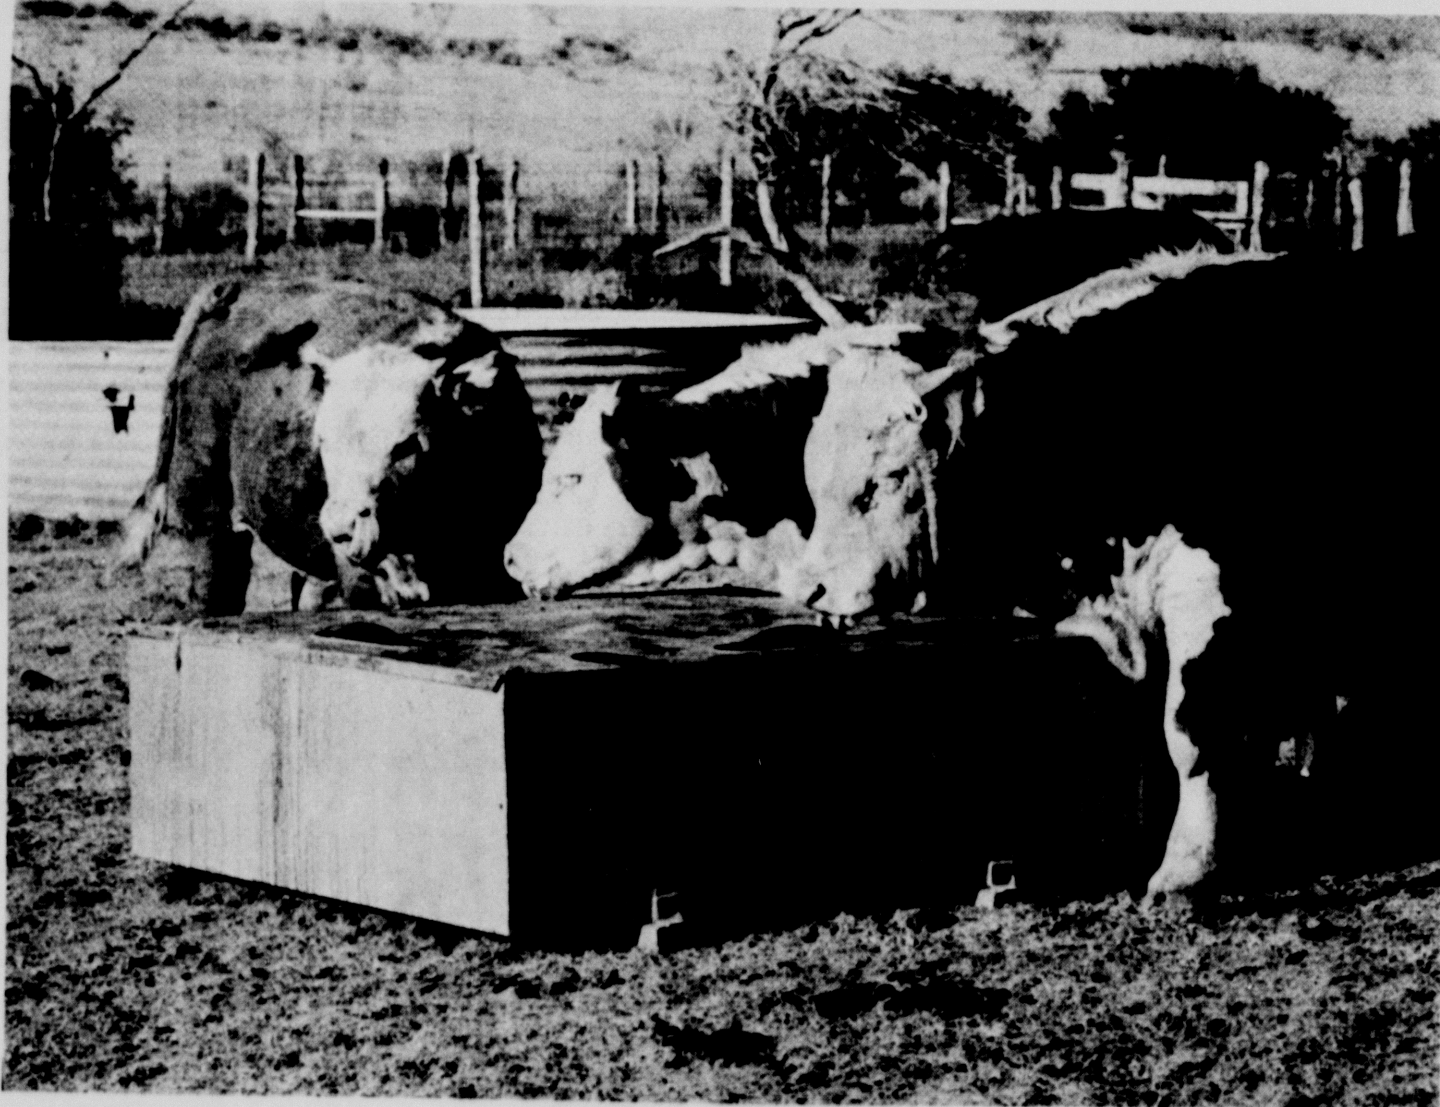

The recipe makes about 4 1/2 pounds of candy.

McClure said he got up about 4 a.m. and made two batches of candy before he went to work and then made two when he got home. "It takes almost the whole month of December to get the candy made," he said.

The three Homemaking I classes will try the fudge recipe Wednesday, Mrs. Lyles said.

Double Ring Marriage Vows Solemnized For Miss Ransom-Bellah

Mrs. Michael Dean Bellah

Double ring marriage vows for Miss Charlotte June Ransom and Michael Dean Bellah were solemnized November 28 at Amarillo Bible Church with Rev. John Staat officiating.

The bride is the daughter of Mr. and Mrs. Roy Walter Ransom of Claude. Parents of the bridegroom are Mr. and Mrs. Robert Alfred Bellah of Canyon.

Traditional wedding music was presented at the organ by Mrs. Glenn Dowlen.

The church was decorated with a center candelabra bearing 15 candles. Under the candelabra was a large basket of white mums and gladioli and graduated palms at the sides. A kneeling bench and a three candle candelabra completed the setting for the ceremony. The center candle was lighted by the couple at the close of the ceremony.

Miss D'Lynne Bellah, sister of the bridegroom, and Miss Mary Helen Howse of Wichita Kansas were bridesmaids. Maid of honor was Miss Marianne Ransom, sister of the bride. They wore short blue foilie A-line dresses with sabrina necklines and belted backs. Blue shoes and short white gloves accented the ensembles. Each carried a yellow carnation nosegay edged with white lace and centered with a blue bee. Their headpieces were matching bows with circular illusion veils.

Craig Bellah was best man. Groomsmen were Kinzie Callaway and Ronnie Wooten. Ushering were Robert M. Bellah of Canyon and Walter Ransom of Claude.

For her wedding, the bride wore a skimmer satin and imported venice lace gown trimmed with seed pearls and featuring three quarter bell sleeves with venice lace trim. The sabrina neckline was edged with venice lace and the gown was designed with a full back sweeping into a chapel train. A self fabric bow enhanced the back train which was accented with self covered buttons in the back. Her veil was a tiara of venice lace embroidered with seed pearls. Her tiered veil of imported silk illusion had hand rolled edges.
